

Upcoming Workshops

Hypertufa - wear your old clothes...

Learn to make these funky fantastic containers!

This is a dirty class, held outdoors - mud pie making for grownups. Bring nothing with you except your open mind, ready to fill with creative ideas!

You will learn the recipe, techniques and “rules”, and go home with completed works of art. Choose your molds from a large selection, and **make as many pots** as you like.

All supplies are included, along with molds **to keep** and coloring material.

Enjoy coffee, tea and breakfast treats in the morning, lots of drink breaks, and then a heavy snack while the pots set before transporting them to your garden! We may want to toast our artistic creativity with a glass of wine!

\$75 per person, payable in advance.

10 a.m. until 3 p.m.

Saturdays: August 4, September 1 in Jacksonville

**Saturdays: July 14, August 18, Sept. 8
at Maggie's Herbs in St. Augustine**
